Türkiye + küresel, doğrulanmış canlı

Bu haftaki akış, kargo, garanti, voltaj ve ödeme kısıtlamaları nedeniyle Kocaeli'den kullanılamayan ABD perakende donanım kampanyaları (Samsung, Hisense, LG, Asus, Apple, Anker, Beats, Dell, JBL, Blink) tarafından hakim edilmektedir. Yalnızca dört küresel dijital fırsat işleme alınabilir: DuckDuckGo'nun yeni temiz bağlantı gizlilik özelliği, OpenAI'nın Ağustos 18,'de yayına giren ücretsiz katman GPT-4o yükseltmesi, Apple'in kritik Mac güvenlik yaması ve Google'ün Asistan'tan Gemini'ye geçiş zaman çizelgesi.

Connecting dots: Ücretsiz ChatGPT yükseltmesi, siber güvenlik konusuyla bağlantılı — ileri yapay zekaya geniş erişim, daha fazla Türk kullanıcının ödüllü araçlar olmadan yerel tehdit analizi, kod incelemesi ve kimlik avı tespiti yapmasını sağlıyor. DuckDuckGo'nun temiz bağlantı özelliği, yerel konunun belediye dijital hizmetlerine odaklanmasını, vatandaşların izleme verisi sızdırmadan belediye bağlantılarını paylaşmasına izin vererek tamamlıyor.

DuckDuckGo Launches Clean Link Sharing to Strip Tracking Parameters

LIFEHACKER · N.D.

DuckDuckGo added a one-click 'Copy Clean Link' button to its browser and extensions, removing UTM codes and other trackers from shared URLs.

The feature works on iPhone; desktop and other mobile platforms not confirmed. Click the share icon and select 'Copy Clean Link' to strip query parameters like utm_source, utm_medium, fbclid, and gclid before pasting. No account required. Rolling globally including Türkiye.

KEY FACTS

- Feature name: Copy Clean Link
- Strips UTM codes, fbclid, gclid, and similar tracking parameters
- Available in DuckDuckGo browser and browser extensions

Haftanın Siteleri ve Uygulamaları

5 web sitesi, 5 uygulama, 5 bu hafta göz atılmaya değer açık kaynak proje

Bu haftaki seçimler, yerel-öncelikli AI araçlamasına odaklanıyor: modelleri kendi donanımınızda çalıştıran masaüstü uygulamalar, kendi barındırılan altyapı alternatifleri ve kapalı platformlara açık kaynak alternatifler. En güçlü sinyal, geliştiricilerin satıcı kilidine karşı çıkması — kendi anahtarlarını getiriyorlar, kendi depolamalarını barındırıyorlar, kendi ikili dosyalarını derliyorlar.

Connecting dots: Yerel-öncelikli AI uygulamalarının yükselişi (codex-desktop-linux, orca, palmier-pro, ds4), kendi barındırılan S3 (silo) ve kod incelemesine (alibaba/open-code-review) doğru altyapı kayışını yansıtıyor — Türkiye'deki solo operatörler artık dolar cinsinden abonelikler olmadan, kendi donanımlarında tam bir AI geliştirme yığını çalıştırabiliyor.

Viral olmadan önce araçlar

Bu hafta API maliyetlerini kesmeyer, modelleri yerel çalıştıran veya SaaS aboneliklerini değiştiren on kendi barındırılabilir araç yayınlandı — her biri Türkiye'deki solo operatör tarafından dolar cinsinden faturalar olmadan kullanılabilir.

Connecting dots: Token sıkıştırma araçları (rtk, headroom) ve yerel çıkarım motorları (ds4, llmfit), makro konusunda işaret edilen TRY-maliyet baskısını doğrudan hedef alıyor; finans ve CMS araçları (securio, Instatic) aynı operatöre yabancı SaaS'e karşı egemen alternatifler sunuyor.

rtk cuts LLM token use 60-90% via single Rust binary proxy

GITHUB.COM · 2026-08-09

Rtk-ai published rtk, a CLI proxy that reduces token consumption by 60-90% on common dev commands as a single dependency-free Rust binary.

Drop rtk between your editor and any OpenAI-compatible API. It compresses prompts, strips redundancy, and caches responses locally. The 60-90% reduction applies to typical coding workflows — file reads, diffs, search results. No configuration required beyond setting the base URL. Savings compound daily for heavy Cursor or Claude Code users paying per million tokens.

| KEY FACTS

- | • Reduces LLM token consumption by 60-90% on common dev commands
- | • Single Rust binary with zero dependencies
- | • Works as CLI proxy between editor and OpenAI-compatible API
- | • Compresses prompts, strips redundancy, caches responses locally
- | • No configuration beyond base URL change

Olumlu ve Kırılmalar

İlerleme, PR abartısından arındırılmış

Bu hafta somut kazanımlar geliyor: Türkiye, 300 mil kıyı boyunda deniz korumasını üç katına çıkarıyor, güneş kapasitesi küresel olarak üçte bir teravatı aşıyor, ve kendini onaran bir kontakt lens laboratuara ulaşıyor.

Koruma, enerji ve tıbbi malzemeler hepsi basın bültenlerinin ötesine geçerek ölçülebilir ilerleme kaydediyor.

Connecting dots: Türkiye'nin deniz koruma genişlemesi (yerel konu), küresel güneş teravatt kilometre taşıyı (makro konu) yansıtıyor — her ikisi de politika ve dağıtımın taahhütleri geride bıraktığını gösteriyor. Kendini onaran lens (kırılmalar), beş yıl içinde Kocaeli hastanelerinde oftalmoloji maliyetlerini düşürebilir.

Türkiye Triples Protected Seascapes Along 300 Miles of Coastline

GOOD NEWS NETWORK · 2026-08-05

Local campaigns secured 300 miles of new marine protected areas across Türkiye's Aegean and Mediterranean shores, tripling the previous coverage.

The designation covers 300 miles of coastline and adds 12 new zones. Fishing restrictions take effect January 2027. The environment ministry confirmed the expansion on August 5. Local NGOs led the push after a 2023 trawler bycatch study showed 40% juvenile loss in unprotected sectors. Enforcement will rely on coast guard patrols and satellite tracking.

KEY FACTS

- 300 miles of coastline newly protected
- 12 new marine protected areas designated
- Triples previous protected seascape coverage
- Fishing restrictions effective January 2027
- Coast guard and satellite to enforce zones

15-year-old disabled boy found chained in İzmit; father detained

KOCAELİ GAZETESİ · N.D.

Police discovered a 15-year-old disabled boy chained to a radiator in an İzmit apartment on Friday; the father was taken into custody.

Neighbors alerted authorities after hearing cries from the ground-floor flat in the Yahyakapı neighborhood. Officers found the teenager, who has severe physical and intellectual disabilities, bound with a metal chain. The father claimed he restrained the boy to prevent self-harm while he worked. Prosecutors opened an investigation for "intentional injury" and "deprivation of liberty." The child was placed under protective care. Social services had no prior file on the family.
